

About the Company

Larsen & Toubro, a 21 Billion USD Indian Conglomerate is a major Technology, Engineering, Construction, Manufacturing and Financial Services Conglomerate, with global operations. L&T addresses critical needs in key sectors - Hydrocarbon, Infrastructure, Power, Process Industries and Defense - for customers in over 30 countries around the world. L&T Construction, India's largest construction organization and ranked among the world's top 30 contractors, has been over the past eight decades transforming cityscapes and landscapes with structures of immense size and grandeur.

About L&T Construction

L&T Construction, a brand of Larsen & Toubro is the India's largest construction organization, ranked among the world's top 30 contractors. As a Master Builder, L&T has built more than just structures; it has built the nation's infrastructure. Several of the country's prized landmarks are the Tallest, the Largest, the Biggest, the Widest, the longest projects carry L&T's signature of excellence in construction.

While world sees towering residential buildings and bustling townships, we see dreams for homes realized; while the world sees massive stadiums and sports complexes, we see the triumph of human spirit; while the world sees transmission lines and substations, we see the thousands of homes that we have lit up; and we ignite a million smiles on the faces of those who enjoy the luxury of potable water, thanks to the critical water infrastructure that we have built. We bring people closer with our airports, roads and rail systems and we remain a vital part of people's lives by creating places to pray and work. As the world grows smarter seeking more intelligent and smarter solutions, we are already leading the way by executing a whole suite of smart solutions across the realms of security systems, smart networking & communications and smart infrastructure to significantly enhance the quality of lives of citizens.
