Why join Agrya?

Agrya started by Chartered Accountants with more than 2 decades of working with Deloitte serving Large Indian Conglomerates and Multi-National Companies. We found the challenges faced by Small and Mid-sized enterprises struggling to handle their finance.

In the last 10 years, we are a pioneer in CFO Services managing different industries and different sizes of companies. CFO Services and outsourced Accounting helps entrepreneurs focus on the business and leave the finance to be managed by professionals. This was possible with a strong focus on building the right team of dedicated professionals and investment in Technology. We are now 70 plus team of professionals working on solving Financial Automation and Financial Management problems of clients. Actionboard and Effortless are tools developed by Agrya and are well received by the industry for their ease of use and domain speciality.
